(54) Title: **ACCUMULATOR CELL ASSEMBLY**

(57) Abstract: An accumulator cell assembly made up of a plu-
rality of accumulator cells (33, 35, 37) connected in series. Each
accumulator cell includes polarizing electrodes (48) and a collec-
tor foil (46, 58) having a width of at least twice the width of the
polarizing electrodes. The collector foil continues through ad-
jacent accumulator cells and connects the adjacent accumulator
cells in series.
